

## **Oxfordshire County Council Fire & Rescue Service**

Offer the following advice to help prevent you becoming a victim of ARSON:

Never store bins close to doors, windows or service intakes – any fire in the bin could easily spread to your property.

Wheelie bins should be stored securely behind locked gates.

If a secure location is not available, the wheelie bin should be locked shut and secured away from any building.

Bins should only be placed on the highway on collection day and returned to your property as soon as possible after emptying.

For safety information go to [www.365alive.co.uk](http://www.365alive.co.uk)

You can be a firefighter too!
